I'm really sorry for the bother but it's that time again to beg for your donations...

komi runs on a weekly magazine so it's quite heavy on our wallets haha

we don't wanna make a patreon because we don't komi. ~~she owns us~~  
we simply translate it.

you can help by donating via paypal thru [quantumscans@gmail.com](mailto:quantumscans@gmail.com)  
donations aren't mandatory btw. just when u feel like it.

thanks for the patronage and thank you again.
